

# LOGO USAGE GUIDE 2025

## WHAT ARE MONEYFACTS ANNUAL STAR RATINGS?

Every year our impartial experts assess the features of **your Client's financial products**, to identify the very best available in the market. Moneyfacts rate everything from **business and personal finance** products to **insurance and investment products**.

By comparing the data for thousands of products we award a **Five-, Four- or Three-Star Rating** to those that have stand-out features.

The Moneyfacts Star Rating makes sure that **your Clients' customers** have the extra confidence that **their product** is of exceptional quality.

## LOGO USAGE OPTIONS

When your Client has purchased a licence we will provide the artwork files in various formats.

Although we're flexible and can support Agencies in making the most of it, the logo cannot be altered and it should only be used on marketing material relating to the specific product for which a licence has been purchased.

The Moneyfacts Annual Star Ratings are assessed annually and in order to benefit from the above marketing potential a licence must first be obtained from Moneyfacts Group. The licence runs for one calendar year starting from the release date of the annual assessment regardless of when purchased. ## WORDING TO USE

- Your Star Rating has been 'awarded' to a product.
- The words 'Star Rating(s)' should always have a capital S and R; this is to make them stand out with authority.
- The number of stars you have been awarded are to be displayed as a word, rather a digit: 'Five-Star Rated', for instance.
- A Star Rating is allocated or given, rather than being won.

Here are some examples of wording you can use:

- Has been awarded a Five-Star Rating
- Has received a Five-Star Rating
- Has been given a Five-Star Rating
